STEMward Bound days is a unique, hands-on approach to learning and persisting for students in STEM. While our presenters and instruction will be virtual this year, our goal is to develop and engage students through instructor-led presentations, industry-specific speakers, and hands-on projects. STEMward Bound participants will gather in person on the final day to receive their certificates.

STEMward Bound days includes:

- Presentations and engagement with SWTJC Faculty, Staff, & Administrators
- Career Insight from Industry-specific Speakers
- One-on-one career & academic advising
- Registration assistance for Fall courses
- Travel
- Dorm lodging
- Personalized departmental University Campus Tours
- \$500 stipend*
- **and more!**

There is NO COST for this experience and participation is LIMITED to 25 students!

***To qualify for the program and incentives students must be a 2022 High school graduate pursuing a degree in a STEM field.**
